

ChristChurch London Life Group Discussion Outline – 24/02/08
“Distinctively different”

Read Col 4:7-18

1. ChristChurch is to be a community of the second chance where everyone can have a fresh start. What difference does this make to the way we relate to each other within our lifegroup? How can we communicate this truth to those who join us?
2. ChristChurch is to be a community of forgiveness. What are some of the biggest obstacles people find in forgiving others? What difference does understanding God's forgiveness make, when forgiving those who have wronged us or let us down?
3. Paul uses the phrase 'wrestling in prayer' to describe how Epaphras was working hard for the church in Colossae (v12). Share some of your experiences of wrestling in prayer, and discuss what difference understanding this phrase makes to our prayer lives?

Spend some time thinking about how God has forgiven us, and how we are to forgive others, whilst taking communion and praying for each other.
