

ChristChurch London Life Group Discussion Outline – 10/05/09
“Work” – Rhys Scott

Read 1 Thessalonians 4:9-12

A Biblical worldview of work summary:

1. Work is a creation ordinance
2. The nature of work changed with the fall
3. Jesus worked
4. Work enables us to provide for others
5. Work brings glory to God
6. We will probably work in heaven

Questions

1. Discuss how we can work in such a way as to bring glory to God?
2. Consider together the question: how does one achieve a good work/life balance today (note: there will be difference between people's outworkings of this!)
3. In what ways can we restore humanity and benevolence to our "profit seeking" organisations?
4. How can we become better employees and employers so that unbelievers respect us?
5. Are there some practical ways we can love and serve and provide for one another at the moment?
