## **Intro**

### **Verse 1**

Long before we heard You  
Whisper depths of virtue  
You sang of loving kindness  
That thundered in the heavens and below  
You were reaching out to make redemption known

### **Verse 2**

You're the God that's never failing,  
Through every changing generation  
No riches could approach  
The grace that you have shown to those who call  
You're the God that sees and knows it all.

### **Chorus**

Your name is great through the ages  
Here & now we're believing  
That Your promise is sure  
Your goodness endures always

## **Half Intro**

### **Verse 3**

We receive your invitation  
With earnest expectation  
For Heaven to announce  
The dawning of the healing of the earth  
O Lord we long, we long for Your return

### **Chorus x2**

## **Interlude**

### **Bridge**

Forever  
Your name be praised  
In every season  
Your name be praised

### **Chorus**
