Intro

Verse 1

Your peace speaks calm to our sea of noise

One word stills even the wildest voice

When fear shouts louder than our hearts can take

You whisper love into these lives you've made

Chorus

Restless bones

Desperate souls

Find rest in you

Restless bones

Desperate souls

Find rest in you

Verse 2

Your grace embraces our troubled minds

You draw us close when our thoughts collide

When questions shake us and doubt invades

PreChorus 2

You whisper hope into these hearts you've made

Bridge

Haunted by doubt

Or tempted by faith

Our longings for life

Are met within Your grace

Our restless hearts

Remain restless till

The sound of Your peace

Roars through every fear
